Explore Windows AI Development with the AI Dev Gallery

Alvin Ashcraft

April 29, 2026

About Me

- **Alvin Ashcraft**
- Sr. Content Developer — Microsoft Learn

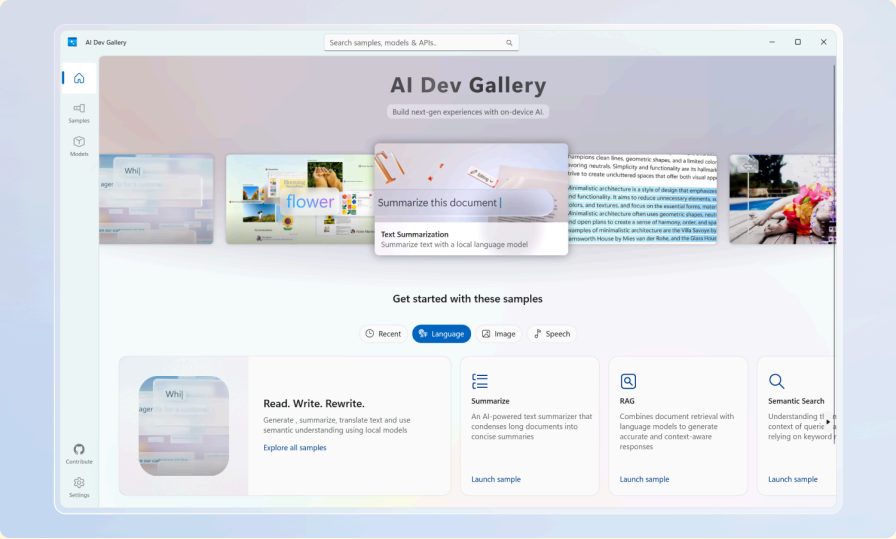
github.com/alvinashcraft
alvinashcraft.com
bsky.app/profile/alvinashcraft.com

Agenda

- What is the AI Dev Gallery?
- Key Features
- **Demos** 🎉

What is the AI Dev Gallery?

- **Open-source** Windows app from Microsoft
- Available free in the **Microsoft Store**
- Integrate **AI capabilities** into your native Windows apps
- Discover AI scenarios & models
- Built with **WinUI** & **Windows App SDK**



Key Features

🧠 Models & Samples

- **25+ interactive samples** powered by local AI models
- Browse and download models from **Hugging Face** and **GitHub**
- Supports **Phi Silica** on Copilot+ PCs

🛠️ Developer Experience

- View **C# source code** for every sample
- **Export standalone Visual Studio projects** with a single click
- Works **offline** — models run locally
- Supports **x64** and **Arm64** PCs

🚀 Demo Time

Let's explore the AI Dev Gallery
